

# Learn How to Register Voters with *Vote for Homes!*

*Vote for Homes!* is a NONPARTISAN coalition registering thousands of people who are people who are living on low-incomes, including those who are homeless, living with disabilities, or ex-offenders.

- Learn voting rights for people who are homeless, ex-offenders, and those with disabilities. For example, did you know that people who have felony convictions can vote as soon as they are released from prison?
- You can bring the information back to your group or learn how to volunteer directly with the *Vote for Homes! Campaign*.
- The deadline for voter registration is October 6, 2008 so it's time to get started!
