In four weeks, it will be TWO YEARS since I first applied for expenses of my General Assistance. I am alive today because General Assistance is my gratitude and ask for your support to protect General Assistance. Here is his inspiring story.

LaRhonda Muslim, had to remember that self-care is important. For LaRhonda, prayer, being in the word, developing a consistent exercise regimen and mindfulness were the keys to helping LaRhonda see the light. “I couldn’t wait to get to work, I couldn’t wait to help.” Not only did LaRhonda shine in the workplace, but helped her teammates also. “I always counseling,” she says, offering people keys to her home, telling them to “rest up” or “take a shower.”

This didn’t just happen at work though. LaRhonda was constantly trying to figure out her place in the world or questioning whether she could do enough through addiction. She was always questioning if she could get a new start, just like me. Thank you for listening! I hope that never happens. Please vote to save General Assistance.

With General (Cash) Assistance Eliminated, Your Help is Crucial

As soon as LaRhonda turned on Project HOPE in 2015, she knew that her way of life was about to be turned upside down. While she was a resident of a transitional housing facility, she was forced to receive General Assistance and knew that it was a temporary solution. The emotional and psychological strain was too much for her to handle, and she knew that it was time to make a change.
