Patients’ Bill of Rights

Project HOME Healthcare Services strives to provide person-centered holistic health care. In order to promote trust, create closer Patient/Provider communication and the highest level of care, all sites within PHHS presents and visibly posts in public spaces the following Rights and Responsibilities for Patients, clients, and their families:

As a consumer of Project HOME Healthcare Services I have a right to:

- Have my health assessed and cared for.
- Receive information about medications, including its purpose, the way to take it, and the possible side effects.
- Be assigned a primary provider.
- Request that a family member or friend be with me and speak up for me.
- Be informed of why a test or treatment is needed and how it will help me.
- Be informed of my test results.
- Receive in understandable language adequate information from my provider concerning my diagnoses and its related treatment. In the event that I refuse treatment, I will be informed of the possible medical consequences.
- In certain cases, another facility may have services that PHHS does not have. In some situations, my provider or another staff member at PHHS will refer me to another facility.
- Be given reasonable and respectful personal consideration, and to expect information about my health to be treated confidentially.
- Know the name and position of the provider who is caring for me.
- Be informed of policies and procedures, fees and charges for services made by PHHS.
- Receive an appointment time that works with my schedule during the hours that PHHS is open. I should not have to wait too long for services without an explanation.
- Receive an explanation about my bill.
• Be heard if I have suggestions or complaints.
• Be able to receive care regardless of ability to pay.
• Have my dignity respected as a Patient.

We welcome all persons to receive services at PHHS regardless of race, religion (creed), disability, sex, sexual orientation, gender identity, age, national origin (ancestry), citizenship, or veteran status.

As a Patient you are responsible for:

• Providing information to my provider about past illnesses, hospitalizations, medications, including prescriptions, over-the-counter medications, vitamins, herbs, or any other drug or substance that I may be taking, and other matters related to my health.
• Informing my provider about any allergies and adverse reactions I have had to medicines.
• Informing my provider about past and present problems related to my health to the best of my ability, including but not limited to problems with mental illness and substance use.
• Cooperating with all health personnel and asking questions if I do not understand something.
• Assisting my provider by adhering to the instructions and medical orders provided.
• Respecting the property of other persons and the property of PHHS.
• Making and keeping appointments or informing PHHS as soon as possible if I cannot keep an appointment.
• Providing information necessary for bills to be paid by my medical insurance and for realizing that I have the ultimate responsibility for paying all bills. PHHS will correct errors in the bill. Payment of the bill is expected.
• Bringing my current insurance card to each visit, if I have one.
• Informing PHHS of any changes to my address, household information or financial status.

We strongly encourage Patients to apply for any and all health benefits for which they are entitled.

At any time, if you have any questions or concerns about your rights and responsibilities, please contact:

Monica McCurdy, Vice-President of Healthcare Services, at 215-391-0740;
Jaclyn Bilello, Director of Integrated Healthcare Services, at 215-320-6187 ext. 5741; or
Greg Landistratis, Director of Operations, at 215-320-6187 ext. 5743
FACT SHEET: What if I don’t have health insurance?

Project HOME/Stephen Klein Wellness Center is a “Federally Qualified Health Center” or FQHC. This means that Project HOME/Stephen Klein Wellness Center is able to bill health insurance, as well as have more resources to continue to provide care to those without health insurance.

Below are some important policies that people who do not have health insurance should be aware of.

- Staff at Stephen Klein Wellness Center will ask patients who do not have health insurance to pay a fee.
- The amount of the fee will be determined by one’s household income and household size.
- The Receptionist who checks in patients at the front desk will need to know your annual income in order to determine what fee you owe.
- In order to qualify for the sliding fee discount plan patients need to complete a Sliding Fee Application and provide income documentation. Examples of income documentation are on the application. Our Benefits Counselor can assist patients to complete this application after they have checked-in at the front desk. The Benefits Counselor reviews your income documentation and approves the fee that you owe for that visit.
- We will ask you to complete a Sliding Fee Application on an annual basis if you continue to be without health insurance.
- If your income decreases and you think you may be eligible for a lower fee, please notify the Benefits Counselor and bring in your income documentation.
- **Very important:** We will provide the same high quality services even if someone does not have the means to pay all or any fee at the time of the visit.

In addition to the Sliding Fee Application, the Benefits Counselor at Stephen Klein Wellness Center is able to assist patients with the following financial services:

- Complete an application for Medical Assistance with the Department of Public Welfare
- Apply for a government subsidy and enroll in the Health Insurance Marketplace (a.k.a. Obamacare or www.healthcare.gov).
- Apply for permanent disability through the Social Security Administration
- Link people, including veterans, to housing, employment and educational opportunities through Project HOME
- Assist people with applying for other public benefits such as LIHEAP, SNAP, or WIC.
A. OUR COMMITMENT TO YOUR PRIVACY

Project HOME is dedicated to maintaining the privacy of your protected health information (PHI). In conducting our business, we will create records regarding you and the treatment and services we provide to you. We are required by law to maintain the confidentiality of health information that identifies you. We also are required by law to provide you with this Notice of Privacy Practices (“Notice”) that we maintain in Project HOME concerning how we may use or disclose your PHI. By federal and state law, we must follow the terms of the Notice that we have in effect at the time.

We realize that these laws are complicated, but we must provide you with the following important information:

• How we may use and disclose your PHI
• Your privacy rights in your PHI
• Our obligations concerning the use and disclosure of your PHI

Changes to this Notice. The terms of this Notice apply to all records containing your PHI that are created or retained by Project HOME. We reserve the right to revise or amend this Notice. Any revision or amendment to this Notice will be effective for all of your records that Project HOME has created or maintained in the past, and for any of your records that we may create or maintain in the future. Project HOME will make a copy of our current Notice in our offices in a visible location at all times, and you may request a copy of our most current Notice at any time.

B. WHO TO CONTACT FOR FURTHER INFORMATION:

If you have questions about this Notice, requests or complaints related to the permitted or required uses and disclosure of your PHI by Project HOME and your rights with respect to your PHI to please contact:

Monica McCurdy, Vice President, Healthcare Services and Privacy Officer, 2144 Cecil B. Moore Avenue, Philadelphia, PA 19121.

Personal Recovery Services, attn: Gillian Martenson, 1515 Fairmount Avenue, Philadelphia, PA 19130.

C. WE MAY USE AND DISCLOSE YOUR INDIVIDUALLY IDENTIFIABLE HEALTH INFORMATION (PHI) IN THE FOLLOWING WAYS

The following categories describe the different ways in which we may use and disclose your PHI.

1. Treatment. Many of the people who work for Project HOME – including, but not limited to, our doctors and nurses – may use or disclose your PHI in order to treat you or to assist others in your treatment. For example, we may ask you to have laboratory tests (such as blood or urine tests), and we may use the results to help us reach a diagnosis. We may use your PHI in order to write a prescription for you, or we might disclose your PHI to a pharmacy when we order a prescription for you.

2. Payment. Project HOME may use and disclose your PHI in order so that we or others may bill and receive payment from you, an insurance company or a third party for the treatment and services you received. For example, we may contact your health insurer to certify that you are eligible for benefits (and for what range of benefits), and we may provide your insurer with details regarding your treatment to determine if your insurer will cover, or pay for, your treatment.

3. Health Care Operations. Project HOME may use and disclose your PHI to operate our business. Project HOME may use your PHI to evaluate the quality of care you received from us, or to conduct cost-management and business planning activities for Project HOME. We may disclose your PHI to other health care providers and entities to assist in their health care operations. Personal Recovery Services (PRS) participants who may or may not be patients of Project HOME Healthcare Services (PHHS) should be aware that their mental health diagnoses will be visible to PHHS billing and administrative staff in a shared database, NextGen, which is the billing system for both programs.

4. Appointment Reminders. Project HOME may use and disclose your PHI to contact you and remind you of an appointment.

5. Treatment Options. Project HOME may use and disclose your PHI to inform you of potential treatment options or alternatives.

6. Health-Related Benefits and Services. Project HOME may use and disclose your PHI to inform you of health-related benefits or services that may be of interest to you.

7. Release of Information to Family/Friends. Project HOME may release your PHI to a friend or family member that is involved in your care, or who assists in taking care of you. For example, a parent or guardian may ask that a babysitter take a child to the pediatrician’s office for treatment of a cold. In this example, the babysitter may have access to this child’s medical information.

8. Disclosures Required By Law. Project HOME will use and disclose your PHI when we are required to do so by federal, state or local law.

D. USE AND DISCLOSURE OF YOUR PHI IN CERTAIN SPECIAL CIRCUMSTANCES

The following categories describe unique scenarios in which we may use or disclose your identifiable health information:

1. Business Associates. We may share your PHI with certain business associates that perform services for us so that they can perform the job we have asked them to do. For example, we may use another company to perform billing services on our behalf. To protect your PHI, we require the business associate to appropriately safeguard the PHI.

2. Public Health Risks. Project HOME may disclose Health Information for public health activities. These activities generally include disclosures to prevent or control disease, injury or disability; report births and deaths; report child abuse or neglect; report reactions to medications or problems with products; notify people of recalls of products they may be using; a person who may have been exposed to a disease or may be at risk for contracting or spreading a disease or condition; and the appropriate government authority if we believe a patient has been the victim of abuse, neglect or domestic violence.

3. Health Oversight Activities. Project HOME may disclose your PHI to a health oversight agency for activities authorized by law. Oversight activities can include, for example, investigations, inspections, audits, surveys, licensure and disciplinary actions; civil, administrative, and criminal procedures or actions; or other activities necessary for the government to monitor government programs, compliance with civil rights laws and the health care system in general.

4. Lawsuits and Similar Proceedings. Project HOME may use and disclose your PHI in response to a court or administrative order, if you are involved in a lawsuit or similar proceeding. We also may disclose your PHI in response to a discovery request, subpoena, or other lawful process by another party involved in another dispute, but only if we have made an effort to inform you of the request or to obtain a court or administrative order protecting the requested PHI.

5. Law Enforcement. We may release PHI if asked to do so by a law enforcement official: (a) regarding a crime victim in certain situations, if we are unable to obtain the person’s agreement; (b) concerning a death we believe has resulted from criminal conduct; (c) regarding criminal conduct at our offices; (d) in response to a warrant, summons, court order, subpoena or similar legal process; (e) to identify or locate a suspect, material witness, fugitive or missing person; and (f) in an emergency, to report a crime (including the location or victim(s) of the crime, or the description, identity or location of the perpetrator).

6. Deceased Patients. Project HOME may release PHI to a medical examiner or coroner to identify a deceased individual or to identify the cause of death. If necessary, we also may release information in order for funeral directors to perform their jobs.

7. Organ and Tissue Donation. Project HOME may release your PHI to organizations that handle organ, eye or tissue procurement or transplantation, including organ donation banks, as necessary to facilitate organ or tissue donation and transplantation if you are an organ donor.

8. Serious Threats to Health or Safety. Project HOME may use and disclose your PHI when necessary to reduce or prevent a serious threat to your health and safety or the health and safety of another individual or the public. Under these circumstances, we will only make disclosures to a person or organization able to help prevent the threat.

9. Military. Project HOME may disclose your PHI if you are a member of U.S. or foreign military forces (including veterans) and if required by the appropriate authorities.
10. National Security. Project HOME may disclose your PHI to federal officials for intelligence and national security activities authorized by law. We may also disclose your PHI to federal officials in order to protect the President, other officials or foreign heads of state, or to conduct investigations.

11. Inmates. Project HOME may disclose your PHI to correctional institutions or law enforcement officials if you are an inmate or under the custody of a law enforcement official. Disclosure for these purposes would be necessary: (a) for the institution to provide health care services to you; (b) for the safety and security of the institution, and/or (c) to protect your safety and the safety and health of other individuals.

12. Workers’ Compensation. Project HOME may release your PHI for workers’ compensation and similar programs.

13. HealthShare Exchange. Project HOME participates in one or more secure health information organization networks (each, an “HIO”), including the HealthShare Exchange of Southeastern Pennsylvania, Inc., (“HSX”), which makes it possible for Project HOME to share your PHI electronically through a secured network. Project HOME may share or disclose your PHI to HSX and other secure HIOs, including HIOs contracted with the Commonwealth of Pennsylvania, and even HIOs in other states. Other healthcare providers, including physicians, hospitals and other healthcare facilities, that are also connected to the same HIO network as Project HOME can access your PHI for treatment, payment and other purposes as permitted by law. You have the right to opt-out or decline to participate in having Project HOME share your PHI through the network. If you choose to opt-out of data-sharing through HIOs, Project HOME will no longer share your PHI through an HIO network, however it will not prevent how your information otherwise is typically accessed and released to authorized individuals in accordance with the law, including being transmitted through other secure mechanisms (i.e. fax or equivalent technology).

E. YOUR RIGHTS REGARDING YOUR PHI
You have the following rights regarding the PHI that we maintain about you:

1. Confidential Communications. You have the right to request that Project HOME communicate with you about your health and related issues in a manner that is more private and secure than others may overhear. For example, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to Project HOME. Your request must describe in a clear and concise fashion:

   (a) the information you wish restricted;

   (b) whether you are requesting to limit Project HOME’s use, disclosure or both; and

   (c) to whom you want the limits to apply.

2. Requesting Restrictions. You have the right to request a restriction in our use or disclosure of your PHI for treatment, payment or health care operations. Additionally, you have the right to request that we restrict who receives or shares your PHI with or at a certain location. For instance, you may ask that we contact you at home, rather than work. In order to request a type of confidential communication, you must make a written request to Project HOME or to Psychiatric Rehabilitation Services at the addresses listed at the beginning of this Notice, specifying the requested method of contact, or the location where you wish to be contacted. Project HOME will accommodate reasonable requests. You do not need to give a reason for your request.

3. Inspection and Copies. You have the right to inspect and obtain a copy of the PHI that may be used to make decisions about you, including patient medical records and billing records, but not including psychotherapy notes. To inspect or copy PHI about you, you must submit your request in writing to the Privacy Officer or to Psychiatric Rehabilitation Services at the addresses listed at the beginning of this Notice. Your request must describe in a clear and concise fashion:

   (a) the information you wish restricted;

   (b) whether you are requesting to limit Project HOME’s use, disclosure or both; and

   (c) to whom you want the limits to apply.

4. Amendment. You may ask us to amend your health information if you believe it is incorrect or incomplete. You may request an amendment for as long as the information is in Project HOME's possession, unless our action is forbidden by law. We may deny your request if you ask us to amend information that is in our opinion: (a) accurate and complete; (b) not part of the PHI which you would be permitted to inspect and copy; (c) not part of the PHI which you would be permitted to inspect and copy; (d) not created by Project HOME; unless the individual or entity that created the information is not available to amend the information.

5. Accounting of Disclosures. All of our patients have the right to request a list of certain non-routine disclosures Project HOME has made of your PHI. This includes uses or disclosures for purposes other than treatment, payment, health care operations, disclosures made directly to you or for which you have provided written authorization. In order to obtain an accounting of disclosures, you must submit your request in writing to the Privacy Officer or to Psychiatric Rehabilitation Services at the addresses listed at the beginning of this Notice. All requests for an accounting of disclosures must state a time period, which may not be longer than six (6) years from the date of disclosure or include dates before April 14, 2003. Your first request within a 12-month period is free of charge, but Project HOME may charge you for additional lists within the same 12-month period. Project HOME will notify you of the costs involved with additional requests, and you may withdraw your request before you incur any costs.

6. Right to a Paper Copy of This Notice. You are entitled to receive a paper copy of this Notice, even if you have agreed to receive the Notice electronically. You may ask us to give you a copy of this Notice at any time. To obtain a paper copy of this Notice, contact the Privacy Officer or Psychiatric Rehabilitation Services at the addresses listed at the beginning of this Notice.

7. Right to File a Complaint. If you believe your privacy rights have been violated, you may file a complaint with Project HOME or with the Secretary of the Department of Health and Human Services. To file a complaint with Project HOME, contact the Privacy Officer or Psychiatric Rehabilitation Services at the addresses listed at the beginning of this Notice. All complaints must be submitted in writing. You will not be penalized for filing a complaint.

8. Right to Provide an Authorization for Other Uses and Disclosures. Project HOME will obtain your written authorization for uses and disclosures that are not identified by this Notice or permitted by applicable law. An authorization is required for any use or disclosure of PHI for marketing communications or the sale of PHI that involves financial payment to Project HOME. You may revoke an authorization at any time in writing. After you revoke an authorization, we will not use or disclose your PHI for the purposes described in the authorization. Please note that we are required to retain records of your care.

9: State Laws on the Privacy of Certain Health Information. Pennsylvania provides special privacy protections for particularly sensitive conditions or illnesses such as HIV/AIDS, mental health, and substance abuse.

HIV/AIDS: We will not disclose any HIV-related information, except in situations where the subject of the information has provided us written consent allowing the release or where we are authorized or required by law to make the disclosure.

Mental Health: Any records related to involuntary mental health treatment (inpatient or outpatient) or voluntary inpatient treatment will not be disclosed without your written consent. Any mental health information disclosed will be limited to relevant information necessary for the purpose for which the information is sought.

Drug/Alcohol Abuse Treatment: We will not disclose any information related to drug and/or alcohol abuse treatment without your written authorization. Even with written authorization, we will only release such information under the following circumstances: (a) to medical personnel exclusively for the purposes of treatment or diagnosis; or (b) to government or other officials exclusively for the purpose of obtaining benefits due to you as a result of drug or alcohol abuse.

We may release information related to drug and/or alcohol abuse treatment in response to a patient (or legal representative) request in writing. Also, we may deny your request if you ask us to amend information that is in our opinion: (a) accurate and complete; (b) not part of the PHI which you would be permitted to inspect and copy; (c) not part of the PHI which you would be permitted to inspect and copy; (d) not created by Project HOME; unless the individual or entity that created the information is not available to amend the information.

## Instructions for Completing Form

**AUTHORIZATION FOR DISCLOSURE OF CONFIDENTIAL INFORMATION**  
(Form version 10.01.2018)

<table>
<thead>
<tr>
<th>Item Number</th>
<th>Explanation</th>
</tr>
</thead>
</table>
| 1 and 2     | **Boxes 1 and 2 are for Project HOME residents and participants.** This is where a resident or participant can tell us it is okay to share their confidential/personal information with other Project HOME programs.  

**Box #1 is an important box for a person receiving services from more than one PROJECT HOME department, for example, someone who is a RESIDENT, PATIENT AT PHHS,PRS PARTICIPANT, etc, so that staff from those departments have permission to speak to each other. The form makes it clear that if a person does not want to check Box #1, we will not refuse to serve them.**  

Box #2 allows a person to tell us that they don't want us to share information with certain programs. So, for example, a PATIENT who is also a RESIDENT may tell us not share their health information information with a Property Manager, or vice versa. This is where the Patient who is a Resident would tell us that. |
| 3           | This is where a person who is a PROJECT HOME RESIDENT, housing APPLICANT, PATIENT, PARTICIPANT, etc., can tell us where we can send information or request information from an **outside 3rd party**, such as a hospital, a family member, an Intensive Case Manager from DBH, or a home health aide, for example. If the person is agreeable, it is a best practice to obtain consent for the organization or entity, rather than a specific person. In this case, if that person is out of the office, or leaves their job, you can talk with someone else in their absence. |
| 4 and 5     | **Boxes 4 and 5 have to do with WHAT TYPE OF INFORMATION WE CAN OR CANNOT SHARE.**  

Checking Box #4 allows us to share any type of information that is necessary to coordinate services.  

Checking Box #5 tells us that it is okay to share information, but there are certain exceptions to what we can share (by checking the boxes below).  

“Covering the period(s) of:” refers to the period of time about which information may be shared. For example “a hospitalization that occurred in 2006” or “from intake to current” |
| 6           | **Box 6 states that we will share their confidential information pertaining to AIDS/HIV status, mental health care/treatment or drug/alcohol treatment UNLESS THEY CHECK OFF THE BOX TELLING US NO. If the person is okay with us sharing this information to coordinate their care, they don't have to check anything.** |
| 7           | **One of the boxes here should be checked.** The top box states that the form is in force for one year from the date of signature. The bottom box allows the person to tell us how long they want the form in effect (less than one year) or to write in an event, such as termination of tenancy at PH. This form has to be reviewed annually with the patient/client/participant. |
